Know Your Rights

Dr. Penny Schwartz is the current Program Coordinator for the Resource Entitlement and Advocacy Program at Mount Sinai. The purpose of the Know Your Rights symposium is to help patients and caregivers to overcome obstacles in their quest for healthcare in the wake of pending healthcare reform.

Dr. Schwartz will discuss private and public insurance: before, during and after health care reform. She will also discuss eligibility for disability and social security benefits and how to access these programs. Following Dr. Schwartz's workshop, participants can visit with representatives from various support organizations to learn of additional financial resources.
